Toledo Area Human Resource Association
ATTN Phyllis Cole
PO Box 748
Maumee, OH 43537

Dear Toledo Area Human Resource Association:

Beach House residents, staff and Trustees extend a heartfelt thank you for your contribution of \$1,067.29 received 1/9/2012. Your contribution helps homeless women and families regain independence.

Beach House has been a refuge for thousands of these families since 1921. Loyal supporters enable us to continue to provide quality services to families in need. Annually, hundreds of individuals, almost half of whom are young children, receive hope and empowerment through:

- temporary, emergency housing in a safe, homelike environment.
- three nutritious, homemade meals and snacks daily.
- individualized goal-directed employment, housing, recovery and life management education.
- in-house support meetings, case management and community resource referrals.
- family enrichment programming including movie, craft and game nights.

Due to the dedication of caring community members, our facility received an entire renovation including Friendship Garden, children's play area, interior and structural restoration of all areas including pantry, linen closet, all three bathrooms, and replacement of all windows. The effect of this positive change is demonstrated best by a recent resident who said, "My children and I didn't feel like we were at a shelter. It was like staying with friends while we got back on our feet, which is what we were able to do with the help of Beach House staff."

Thank you for partnering with Beach House Family Shelter to meet the needs of our area's most vulnerable.

Warm regards,

Tammy Holder
Executive Director
